

Atlanta Kubota Opens New Facility in Marietta, Georgia

May 25, 2016 | Posted in Dealers on the Move (/topics/400-dealers-on-the-move)

MARIETTA, Ga. — Atlanta Kubota announces the grand opening of its new facility at the corner of Interstate 75 and Allgood Road in Marietta, Georgia. The dealer organized a welcome event on May 20 and will be providing prizes, equipment and parts specials all during the months of May and June to mark the opening of the new facility.

This all-new facility spans over 45,000 square feet under roof and includes the largest air-conditioned indoor Kubota showroom in the state.

The building includes many state-of-the-art features such as foam insulated walls, LED lighting, an overhead crane, high efficiency infrared heating, fiber reinforced concrete and SunGuard Low-E insulated reflective glass windows.

In addition, large canopies on all sides of the building provide for covered equipment displays keeping inventory in top condition until sold and allowing for ease of access during inclement weather.

Atlanta Kubota offers equipment from Kubota, Toro, Land Pride, Dirt Dog, Paladin, Bradco, McMillen, Sweepster, Echo, XHD and others. More than just new and used tractors, Atlanta Kubota offers an extensive inventory of landscape equipment, zero-turn mowers, excavators, track loaders, skid steer loaders, articulated loaders, utility vehicles, trimmers, chainsaws, parts and service to fit your needs.

Atlanta Kubota has been owned and operated by the Freeman family since 2011, with a staff having over 100 years of combined experience in the equipment industry. "Our team mission is to provide customers with a broad selection of quality new and used equipment, parts and service at affordable prices," says owner Jim Freeman.
